

# Resolution for an Audit of the New York State 2022 General Election

**Whereas** It is a recognized civil right in the United States for every citizen to have free and fair elections. “And the right of suffrage can be denied by a debasement or dilution of the weight of a citizen’s vote just as effectively as by wholly prohibiting the free exercise of the franchise.” (Reynolds v. Sims, 377 U.S. 533 (1964))

**Whereas** It is the affirmative duty of our election officials to comply with all Federal and State laws governing administration and procedure of our elections, thereby guaranteeing our elections are accurate and free of distortion or manipulation.

**Whereas** Our constitutional system of representative government only works when the worth of honest ballots is not diluted by invalid ballots procured by corruption, and assuring accuracy can only be achieved through the operational integrity of our elections, as defined by those laws governing the following five processes:

1. Rigorous Verification of Voter Identity.
2. Proven Ballot Security and Intact Chain of Custody.
3. Voting Systems Certified to be Secure from Operational, Physical and Cyber Threats.
4. Meets All FISMA and State Operational and Risk Assessment Requirements.
5. Meets Auditability and Traceability Requirements and Operational Policy.

**Whereas** An open-source audit of the New York State 2020 General Election conducted by New York Citizens Audit has uncovered evidence of massive inaccuracies that violate both Federal and State laws, including:

- ◆ **2,427,827** NYSVoter ID numbers attached to **1,170,790** registrants.
- ◆ **740,396** ineligible votes cast Statewide.
- ◆ **338,356** more votes cast than voters who voted.
- ◆ **987,490** voters who registered on January 1st from 1900 to 2021.
- ◆ **1.9MM** registrations in the state voter rolls missing from the county rolls.
- ◆ **625,359** more registrations than voting-age citizens in six counties alone.
- ◆ **195,271** votes cast in New York City that went missing in the NYSVoter database.
- ◆ **1,000,000+** felony violations of New York State Election Law.
- ◆ **95** State and Federal legislative races impacted by **740,396** ineligible votes.
- ◆ Abandoned ballots and ballot payment schemes.
- ◆ Certification as defined by law was provably fraudulent and illegal.

**Whereas** These findings trample accuracy requirements of voting systems for a Federal Election, wherein the system shall achieve a target error rate of no more than one in 10,000,000 ballot positions. For a voting system, accuracy is defined as the ability of the system to capture, record, store, consolidate and report the specific selections and absence of selections, made by the voter for each ballot position without error.

**Whereas** It must be known factually, and provably, that the intent of the voters is accurately represented by election results before certification can be lawfully conducted. Certification of an election that varies from the law is an abridgement of the civil rights of the citizens, a Fraud ab Initio (United States v. Throckmorton, 98 U.S. 61 (1878)).

**Whereas** State and Federal Officials have met the efforts of New York Citizens Audit to seek redress for these egregious violations with indifference and inaction, including the Attorney General, Secretary of State, State Board of Elections, Inspector General, Federal Bureau of Investigations, State Leadership of Democrat and Republican parties, County Election Officials, Sheriffs, District Attorneys, and others.

**Whereas** None of these violations were addressed prior to the administration and certification of the 2022 General Election, and there prevails a spirit of extreme contention and zero trust between people of differing political ideologies across New York, which is destructive to our families, our way of life, and the fabric of these United States.

**Therefore** We call upon our Representatives including Town Board Members, County Legislators, State Legislators, Federal Legislators, Law Enforcement, Federal and State Prosecutors, and Judges to provide relief to the people, and the assurance of domestic tranquility, through the fulfillment of each of the following firm requests:

1. A complete end-to-end audit of the New York State 2022 General Election, for both paper and electronic records, including ballots, by a mutually agreed upon external, third-party bonded auditing firm, possessed of adequate insurance and indemnification for the handling and protection of the personal identifying information of millions of New York citizens, in order to determine the true error rate. This audit will provide a comprehensive report and analysis of all lapses and errors with explanation of cause where it can be determined.
2. The enactment of legislation defining a mutually agreed upon process by which an end-to-end audit would be triggered in any future elections.
3. The enactment of legislation defining a mutually agreed upon accuracy rate for the NYSVoter and County voter roll databases.
4. The enactment of legislation allowing for anonymous vote verification and tracking by the voter (open-source, royalty-free patent pending), including automatic mechanisms to report and remedy errors during the canvass period following an election, regardless of ballot entry source.
5. Criminalize election misconduct explicitly with regard to State election law, and increase penalties to reflect the societal and generational harms inflicted by these crimes.

— Resolution on following page —

# Be it Resolved

That the Town Board of Henderson, NY stands in support with the concerns and remedies presented here. We implore the Jefferson County Legislature, NYS Legislature, Federal Legislators, Law Enforcement, Federal and State Prosecutors, Judges, and both State and County Boards of Elections to cooperate and fulfill these firm requests of the people.
