

NEW YORK STATE BOARD ON ELECTRIC  
GENERATION SITING AND THE ENVIRONMENT

CASE 15-F-0327 - Application of Galloo Island Wind LLC for a Certificate of Environmental Compatibility and Public Need Pursuant to Article 10 to Construct a Wind Energy Facility.

NOTICE OF PROCEDURAL CONFERENCE

(Issued July 17, 2018)

Galloo Island Wind LLC (Galloo) filed an application on September 25, 2017, proposing a 108.9 megawatt (MW) wind electric generating facility. The proposed facility includes the installation and operation of up to 30 wind turbines together with associated underground collection lines, access roads, collection substation components, meteorological towers, an operation and maintenance building, and related facilities (the Project). The Project is proposed to be located on Galloo Island, in the Town of Hounsfield, Jefferson County, New York. Galloo proposes to interconnect the Project to the power grid by constructing an electric transmission cable, that would interconnect near the Mitchell Street Substation in Oswego, Oswego County, New York. The transmission facility will be subject to review pursuant to Article VII of the Public Service Law; it will not be reviewed as part of the proposed Project in this proceeding.

**PLEASE TAKE NOTICE** that a procedural conference will be held before the three Examiners, Administrative Law Judges James Costello and Ashley Moreno of the Department of Public Service and Michael Caruso of the Department of Environmental Conservation, on Wednesday, August 15, 2018, beginning at 10:30 a.m., at the Henderson Fire District Building/Community Room, 8939 New York State Route 178, Henderson, New York 13650. The

procedural conference is being held to identify interested parties, identify issues for adjudication, discuss a procedural schedule, allow the Examiners to ask questions and possibly make contemporaneous rulings on previously-filed requests for intervenor funds, and to consider any other matters appropriately raised at the procedural conference.
